CREATING HOSPITALITY

## PURE SHAPES AND FINE DETAILS

From the striking shapes, dark colours and black-and-white contrasts of recent years, the interior design trend is increasingly shifting towards delicate and gentle looks - with minimalist but sophisticated clear shapes, high-quality materials and essential design highlights.

With a discreet concept that fits perfectly in performers' design-oriented environments, our Afina blockbuster collection is setting new standards. The simple and filigree design interpreted in brilliant white Villeroy & Boch Premium Porcelain offers attractive aesthetics for discerning design lovers:

Afina combines modern coupe shapes with a raised rim and a delicate detailed relief. The relief is inspired by concentric rays of sunshine - the ultimate symbol of positive energy and awakening - and offers a very distinctive tactile experience. The collection impresses with the unique positioning of the base which creates an exciting shadow effect that almost makes the items appear to float.

A real masterpiece of design and production expertise. You too can take advantage of the exceptional success potential of our key new product.
